

Did you know that there are over 16,000 children in foster care in Illinois?

fosterkids
are our kids

Foster care is a community effort to help children continue to grow in safe and stable environments until they are reunited with their families or are adopted.

With good foster parents and the right support, foster children grow up to be successful, happy and productive adults.

Please join Volunteers of America of Illinois, faith-based leaders and other community leaders in making a difference in **YOUR** community and in the life of a child in foster care.

Volunteers of America of Illinois has provided child welfare services for over 100 years in communities in Illinois.

If you are interested in becoming a foster parent, know someone who might be interested in becoming a foster parent or would like to learn more about foster parenting, please contact:

Holly Schulz,
312-564-2314 or hschulz@voail.org
